SERVICE

IMPORTANT: FOR NORTH AMERICA ONLY

For damaged or defective product, questions, replacement parts or any other service support, please contact our customer service department by the below methods:

For The Best Service, please Email:
service@paradigmhw.com

Response Time: 1-2 Business Days

Emailing us with the information above will be the best method to receive a response during peak business hours

Website:
www.paradigmhw.com

Toll-Free:

1-844-641-7921

(8:00 AM - 5:00 PM Pacific Standard Time, Daily)

Response time may vary via calling

Please have the following information ready when requesting for service:

- Your name
- Phone number
- Model number
- Serial number
- Part number
- Proof of Purchase

For damaged or defective product please contact our customer service before returning to the store.

IMPORTANT SAFETY GUIDELINES

Basic precautions should always be followed, including the following safety instructions when using this treadmill: Read all instructions before using this treadmill.

DANGER: To reduce the risk of electric shock, please read the following:

- Always unplug the treadmill from the electrical outlet immediately after using and before cleaning, assembling, or servicing.

NOTE: Failure to follow these instructions may lead to personal injury and cause damage to the treadmill.

WARNING: To reduce the risk of burns, fire, electric shock or injury to any persons, please read the following:

- Never leave the treadmill unattended when plugged in. Disconnect by turning off the master power switch, and unplugging from outlet when not in use and before putting on or taking off parts.
- Use this appliance only for its intended use as described in this manual. Do not use attachments not recommended by the manufacturer.
- Never operate this treadmill if it has a damaged cord or plug, or if it is not working properly. If it has been dropped or damaged, or been exposed to water, return the appliance to a service center for examination and repair.
- Do not attempt any maintenance or adjustments other than those described in this manual. Should any problems arise, discontinue use and consult Customer Service.
- Never operate the appliance with the air openings blocked. Keep the air openings free of lint, hair, and the like.
- Do not use the treadmill outdoors.
- Do not pull the treadmill by its power cord or use the cord as a handle.
- Keep children and pets away from the equipment while in use. This machine is designed for adults only. Keep children under the age of 13 away from this machine.
- Do not operate where aerosol (spray) products are being used or where oxygen is being administered.
- Keep Dry - do not operate in a wet or moist condition. Save these instructions.
- Do not operate the treadmill near a blanket. Excessive heating can occur and cause fire, electrical shock, or injury to user.
- Keep electrical cord away from heated surfaces.
- Never insert any object into any opening.
- Keep the treadmill on a solid, level surface with the minimum safety area clearance of 2000mm x 1000mm of the treadmill. Be sure the area around the treadmill remains clear during use and has adequate clearance.
- This treadmill is for household use only.

IMPORTANT SAFETY GUIDELINES

- Only **one** person should be on the treadmill while in use.
- Wear comfortable and suitable clothing when using the treadmill. Do not use the treadmill barefoot, in only socks or in sandals, always wear athletic shoes. Never wear loose clothing because it could run the risk of getting caught in the treadmill.
- Always hold on to the handrails while using the treadmill.
- Always make sure the storage latch is in place when folding and moving the treadmill.
- Do not leave children who are under 13 years old unsupervised near or on the treadmill.
- To disconnect, turn all controls to the off position, then remove plug from outlet.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety. Children should be supervised to ensure that they do not play with the appliance.
- Pull up the Safety Tether Key for emergency stop. Reinstall the Safety Tether Key onto the Computer Console. Press the START/STOP button to begin exercise again.

- **WARNING:** CANCER AND REPRODUCTIVE

HARM--WWW.P65WARNINGS.CA.GOV.

- **Maximum Weight Capacity is 250 lbs / 113 kgs**

- **CAUTION:** Risk of Injury to Persons –To Avoid Injury, use extreme caution when stepping onto or off of a moving belt. Read Instruction Manual Before Using.

- **Note:** It is the obligation of the owner to review and explain these safety precautions to all users of this treadmill.

GROUNDING INSTRUCTIONS

- This product must be grounded. If it should malfunction or break down, grounding provides a path of least resistance for electric current reducing the risk of electric shock.

*** This treadmill is equipped with a cord having equipment grounding conductor and a grounding plug. The plug must be plugged into an appropriate outlet that is properly installed and grounded in accordance with all local codes and ordinances.**

DANGER: Improper connection of the treadmill grounding conductor can result in the risk of electric shock. Check with a qualified electrician, if you are in doubt as to whether the product is properly grounded. Do not modify the plug provided with the treadmill. If it will not fit your outlet, have a properly grounded outlet installed by a qualified electrician.

This product is for use on a nominal 120 volt circuit and has a grounding plug that looks like the plug illustrated in sketch A in Figure 1.

Make sure that the product is connected to an outlet having the same configuration as the plug. No adapter or extension cord should be used with this product.

- This unit must be plugged into a nominal 120 volt outlet which has been grounded.
- Keep hands clear of all moving parts. Never place hands or feet under the Treadmill while in use.
- Do not use the treadmill on a carpet that is greater than 1/2 inch in height.
- Before using the treadmill, check that the belt is aligned and centered on the walking deck and all visible fasteners on the treadmill are sufficiently tightened and secure.

IMPORTANT SAFETY GUIDELINES

WARNING: Before beginning any exercise program consult your physician. This is especially important for the persons who are over 35 years old or who have pre-existing health problems. Read all instructions before using any fitness equipment. We assume no responsibility for personal injury or property damage sustained by or through the use of this product. Do not operate this exercise equipment without properly fitted guards, as the moving parts can present risk of serious injury to young children.

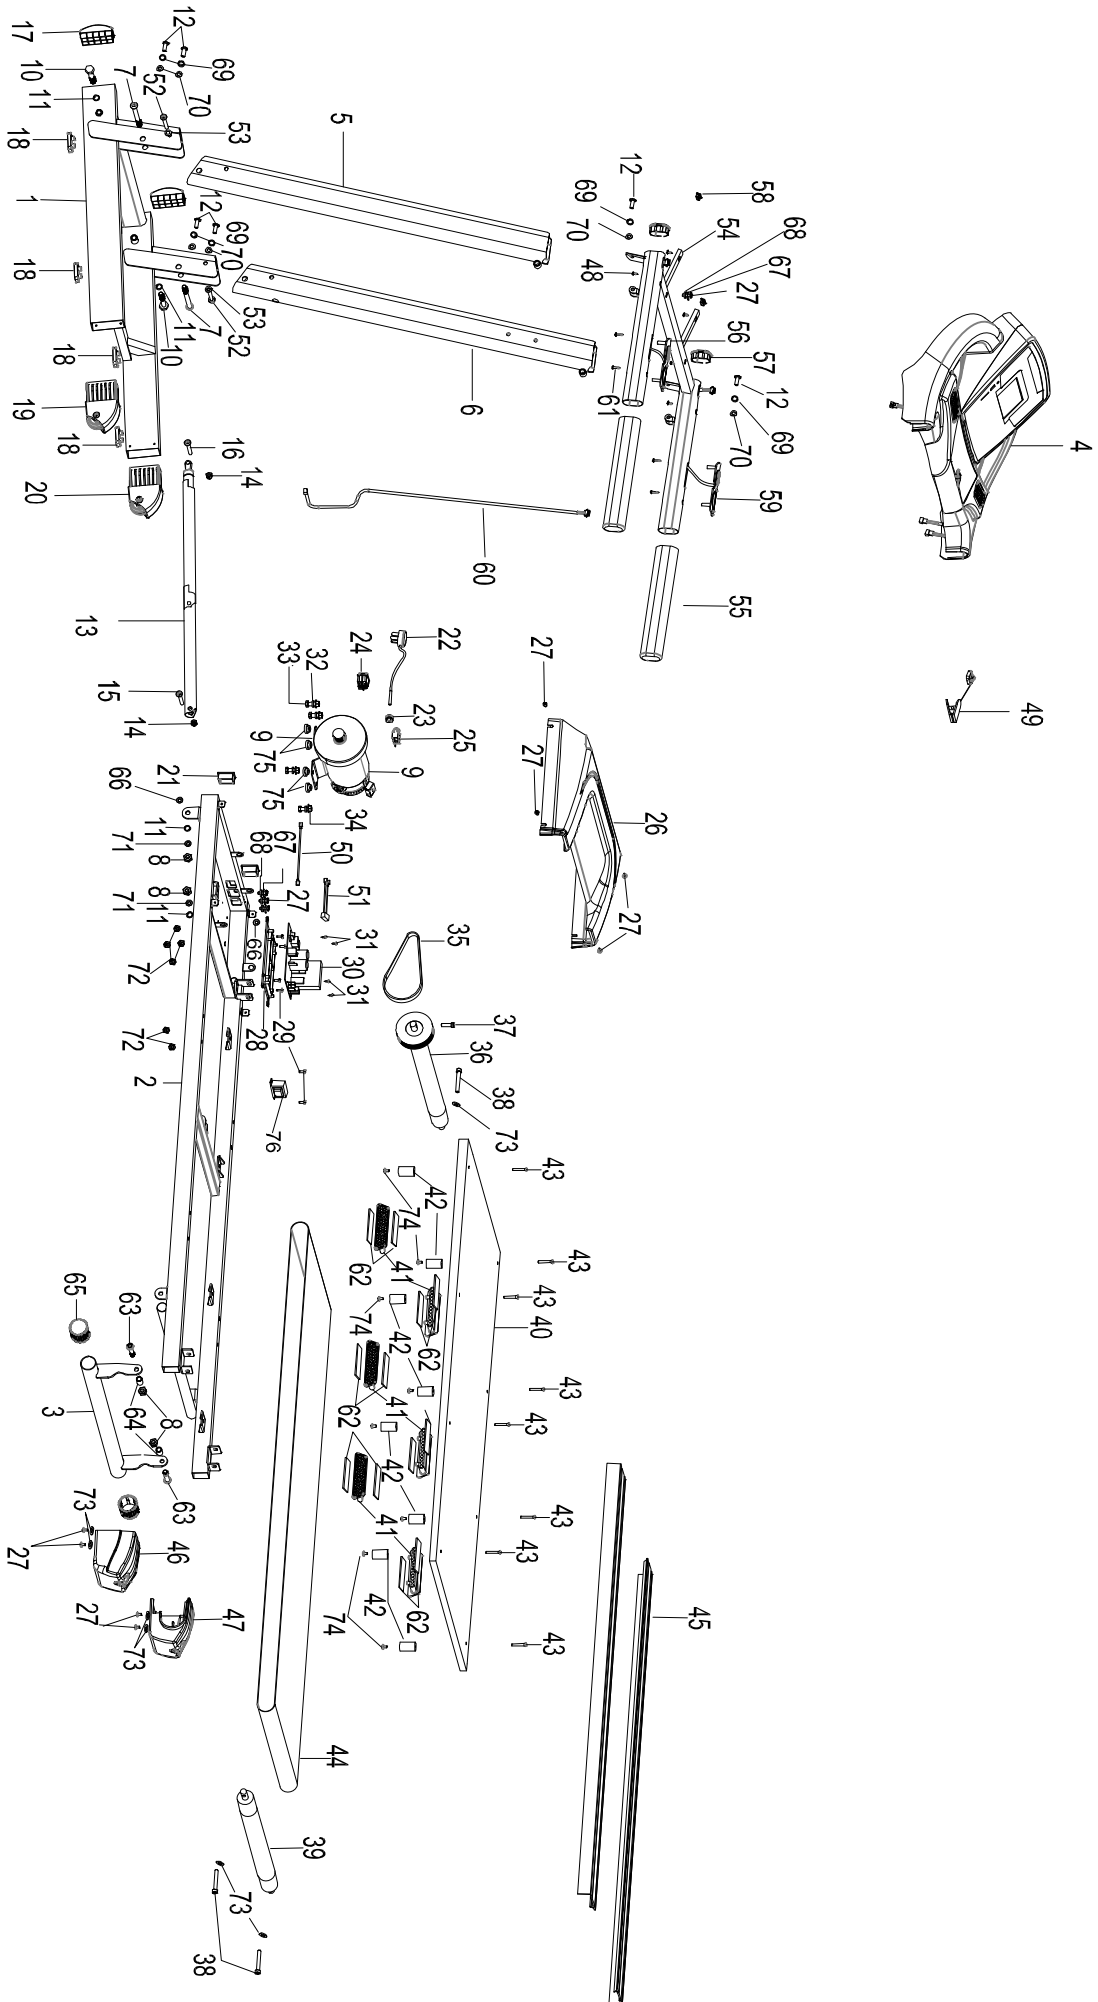

CAUTION: Read all instructions carefully before operating this product. Retain this Owner's Manual for future reference.

SAVE THESE INSTRUCTIONS

The product weighs more than 44 lbs. It is heavily recommended that at least 2 persons assemble the unit.

HARDWARE & TOOLS PACK

(12) Hex Bolt
6PCS

(69) Curved Washer
6PCS

(70) Spring Washer
6PCS

(52) Hex Bolt
2PCS

(53) Flat Washer
2PCS

6mm Allen Wrench 1 PC
5mm Allen Wrench 1 PC

Silicone Oil
1 Bottle

ASSEMBLY

Tool:

6mm / 5mm Allen Wrench
1 PC

Step 1

1a. Lifting and Installing the Front Post: Lift up the **Right and Left Front Post (6) & (5)** from the folded position as shown in **Fig. A**. Align the bolt holes on the **Right and Left Front Post (6)/(5)** and the **Bed Frame (2)**. Insert two **Hex Bolts (52)** and two **Flat Washers (53)** and tighten with **6mm Allen Wrench provided**. Insert the four **Hex Bolts (12)**, four **Curved Washers (69)** and four **Spring Washers (70)**. Tighten the hardware with the **5 mm Allen Wrenches** provided.

Hardware:

(12) Hex Bolt
4PCS

(69) Curved Washer
4PCS

(70) Spring Washer
4PCS

(52) Hex Bolt
2PCS

(53) Flat Washer
2PCS

ASSEMBLY

Tool:

**5mm Allen Wrench
1 PC**

Step 2

2a. Installing the Handlebar: Rotate the **Handlebar (54)** to align the bolt holes at the rear with the **Right and Left Front Post (6) & (5)** bolt holes. Insert two **Hex Bolts (12)**, two **Curved Washers (69)** and two **Spring Washers (70)**. Tighten the hardware with the **5mm Allen Wrench** provided.

Hardware:

**(12) Hex Bolt
2PCS**

**(69) Curved Washer
2PCS**

**(70) Spring Washer
2PCS**

ASSEMBLY

Step 3

3a. Turning on the treadmill: Plug the **Power Cord (22)** into a wall outlet and then put the **Power Switch (24)** into the ON position.

Warning: Do not use a power adaptor with the power cord.

Warning: Do not use an extension cord with the power cord.

Warning: The wall outlet must be grounded for the treadmill to function correctly.

Warning: ALWAYS turn the power switch to the OFF position before unplugging or plugging in the power cord into an outlet.

Step 4

4a. Attaching the Safety Tether Key: Place the Safety Tether Key (49) onto the console as shown in the image above.

Warning: Always clip the Safety Tether Key to your clothes before starting a workout.

Console Functions:

- The display shows: SPEED, TIME, DISTANCE, CALORIES, and PULSE.
- Speed Range: 0.4-8.0 MPH
- 12 preset Programs.
- Audio Play back by Aux Cable, USB, or SD Card.

BUTTON FUNTIONS

START	<ol style="list-style-type: none"> 1. Press at the main screen to begin a QUICK START a workout. 2. Press after setting up a program 3. The Console will beep and count down from 5 before the belt starts moving.
STOP	<ol style="list-style-type: none"> 1. Ends the workout. 2. Acts as a back button during a workout set up.
2 through 8	<ol style="list-style-type: none"> 1. Are quick speed keys for quickly changing the treadmill speed.
PROG	<ol style="list-style-type: none"> 1. Scroll through the 12 available workout programs. 2. A work out time goal can be set before starting the program workout. 3. The default time goal is 30 minutes. 4. Use the PLUS and MINUS buttons to change the goal value before pressing START. 5. See the program profiles printed next to the console display.
MODE	<ol style="list-style-type: none"> 1. Press MODE before starting a QUICK START workout to set a workout goal. 2. There are 3 workout goal options TIME, DISTANCE, and CALORIE. 3. The number above TIME, DISTANCE, or CALORIE will flash to show which option is being set. 4. Use the PLUS and MINUS buttons to change the goal value before pressing START.
PLUS (+)	<ol style="list-style-type: none"> 1. Press to increase the speed or workout goal setting.
MINUS (-)	<ol style="list-style-type: none"> 1. Press to increase the speed or workout goal setting.

COMPUTER

Starting the belt

1. Clip the Safety Tether Key to your clothes before starting a workout.
2. Step onto the treadmill before the belt starts to move. Never step onto the treadmill if the belt is moving.
3. Press the start button.
4. The display will beep and count down from 5 before the belt starts to move.

Setting TIME GOAL before a QUICK START workout:

1. Press the MODE button once.
2. Select desired time with the “ + ” or “ - ” buttons. The time range is 5:00--99:00 mins.
3. Press the START button, the display counts down and beeps. The belt starts at the lowest speed (0.4 MPH).
4. Select desired speed.
5. The TIME display counts down from the set TIME GOAL value.

Setting TIME GOAL before a QUICK START workout:

1. Press the MODE button twice
2. Select desired distance with the “ + ” or “ - ”. The distance range is 0.5 ~ 99.5 miles.
3. Press the START button, the display counts down and beeps. The belt starts at the lowest speed (0.4 MPH).
4. Select desired speed.
5. The TIME display counts down from the set TIME GOAL value.

Setting CALORIE GOAL before a QUICK START workout:

1. Press the MODE button thrice
2. Select desired calories with the “ + ” or “ - ”. The calorie range is 10 ~ 995 calories.
3. Press the START button, the display counts down and beeps. The belt starts at the lowest speed (0.4 MPH).
4. Select desired speed.
5. The TIME display counts down from the set CALORIE GOAL value.

Audio Playback

1. Use the included AUX cable to play back audio from your preferred device that has a 3.5 mm audio jack.
2. Audio can also be played back from a USB or SD card that is plugged into one of the slots on the consoles face.
3. Use the buttons under the display to control the audio playback.

ADJUSTMENTS

Belt Adjustment:

The belt may come loose during transportation and/or stretch after prolonged use. To correct belt issues reference the following situations for the appropriate actions:

1. **Belt is shifting to the LEFT:** turn on the main power switch of treadmill and let the belt run at a speed of 1-1.5 MPH. Using the **6mm Allen Wrench** provided, turn the left rear roller adjustment bolt 1/4 turn in the clockwise direction. You should see the belt start to correct itself by moving back toward the center. Repeat the above procedure until the belt is properly centered.
2. **Belt is shifting to the RIGHT:** turn on the main power switch of treadmill and let the belt run at a speed of 1-1.5 MPH. Using the **6mm Allen Wrench** provided, turn the right rear roller adjustment bolt 1/4 turn in the clockwise direction. You should see the belt start to correct itself by moving back toward the center. Repeat the above procedure until the belt is properly centered.
3. **Belt is jerking or stopping when stepping on it:** Turn off the treadmill. Using the **6mm Allen Wrench** provided, turn both left and right rear roller adjustment bolts 1/4 turn in the clockwise direction. The turns of the adjustment bolt should be the same for the left and right side during this process. Turn on the main power switch of treadmill and let the belt run at a speed of 1-1.5 MPH. While holding on to the handlebars walk on to the treadmill to determine if the belt is still slipping. Repeat the above procedure until the belt no longer slips.

ADJUSTMENTS

Incline Adjustment:

Raise the rear end of main frame then rotate the **Incline Adjuster (3)** to position A or B.

- **Position A** gives the treadmill deck a 3% Incline.
- **Position B** gives the treadmill deck a 6% Incline.

MAINTENANCE

WARNING: You will need to lubricate your treadmill before the first use.

RUNNING BELTS & TREADMILL LUBRICANT:

Lubricating the running board and running belt is essential as the friction between the two affects the life span and function of the treadmill, therefore it is suggested that the running board and belt be inspected regularly.

SILICON OIL:

The treadmill has been coated with Silicone Oil during construction. **Silicone oil is a non-volatile oil.**

To maintain the belt, "Silicone Oil" may be re-applied once the resistance has been increased and the belt starts rubbing against the walking deck. To re-apply the Silicone Oil to the treadmill, lift up the belt, one side at a time, and apply the oil directly to the center of the walking deck. Allow the silicone oil to 'set' for one minute before using the treadmill.

Attention: Only use "Silicone Oil" lubricants for this equipment. **In addition, do not add any other type of oil; otherwise the treadmill will be damaged. Do not over-lubricate the walking board. Excess lubricant should be wiped off with a clean towel.**

WARNING: To prevent electrical shock, turn off and unplug the treadmill before cleaning or performing routine maintenance.

CLEANING

The treadmill should be cleaned with a soft cloth and mild detergent. Do not use abrasives or solvents. Be careful not get excessive moisture on the display panel as this will cause an electrical hazard or the electronics to fail. Keep the treadmill, especially, the console, out of direct sunlight to prevent screen damage and paint discoloration.

FOLDING THE TREADMILL

STORAGE

Store the treadmill in a clean and dry environment. Ensure the master power switch is in the off position and the power cord is unplugged from the electrical wall outlet.

Storing the treadmill:

After using the treadmill, turn OFF the main power switch located at the front near the power cord. Lift the **Main Frame (2)** until the ORANGE lock on the Air Piston (3) holds the **Main Frame (2)** in the upright position. There should be a “CLICK” when the ORANGE lock is engaged.

WARNING: A folded treadmill should NOT be turned on and operated.

WARNING: Allow the running belt surface to come to a complete stop before folding.

Setting up the treadmill:

Hold **Main Frame (2)** and then gently tap the ORANGE lock on the **Air Piston (3)** with your foot. Hold the **Main Frame (2)** while slowly guiding the **Main Frame (2)** down to the ground. Turn ON the main power switch located at the front near the power cord.

WARNING: The Air Piston (3) should slow the speed of the Main Frame (2) as it goes down. If the Air Piston (3) is not slowing the speed the Main Frame (2) as it goes down, contact customer service.

Transporting the Treadmill:

Hold both **Handlebars (54)** and then gently tilt the treadmill back onto the **Left and Right Transport Wheels 19/20**. Move the treadmill to your desired location and slowly lower it back to the ground.

WARNING: Turn the power switch off and unplug the power cord.

WARNING: Fix the power cord to the frame so it does NOT drag on the floor while moving the treadmill.

WARNING: Make sure the air piston is locked and holding the running deck up before moving the treadmill.

WARNING: The treadmill weighs more than 100 lbs / 45 kgs. DO NOT move the treadmill if you are not strong enough to balance that much weight on the transport wheels.

WARNING: Keep the treadmill, especially, the console, out of direct sunlight to prevent screen damage and paint discoloration.

TROUBLESHOOTING

Error Codes Cause and Solutions

Fault Code	Cause	Solution
SAFE	Safety tether key protection	<ol style="list-style-type: none"> 1. Ensure that the Safety Tether Key is installed on the Console (4). 2. Restart the power after 1 minute and install the Safety Tether Key (49) 3. Computer IC Board damaged, Contact Customer Service.
Er1	Computer receiving error signal up to 15 seconds.	<ol style="list-style-type: none"> 1. Restart the power, and retry after 1 minute 2. Ensure the sensor cable is connected perfectly 3. Signal cable or computer IC board damaged, Discontinue use and contact Customer Service
Er3	Low Voltage	<ol style="list-style-type: none"> 1. Restart the power and retry after 1 minute. Check if the input voltage is lower. Use when voltage is normal 2. Signal Cable or power IC board damaged, Discontinue use and contact Customer Service
Er5	<ol style="list-style-type: none"> 1. Motor Cable become loose 2. Motor is blocked 3. Motor damaged 	<ol style="list-style-type: none"> 1. Restart the power, and retry after 1 minute 2. Check the motor cable , make sure it is connect perfectly 3. Check the motor quality, make sure there is no visible damage. 4. Ensure the running belt is thoroughly lubricated. 5. Motor or power IC board damaged, Discontinue use and contact Customer Service
Er7	Power IC board not receiving signal	<ol style="list-style-type: none"> 1. Restart the power, and retry after 1 minute 2. Ensure that the sensor cable is connected perfectly 3. Signal cable or power IC board damaged, Discontinue use and contact Customer Service

WARRANTY

MANUFACTURER'S LIMITED WARRANTY

Paradigm Health & Wellness warrants to the original purchaser that this product is free from defects in material and workmanship when used for the purpose intended, under the conditions that it has been installed and operated in accordance with Paradigm's Owner's Manual. Paradigm's obligation under this warranty applies to the following:

<u>COMPONENT</u>	<u>LENGTH OF WARRANTY</u>
-------------------------	----------------------------------

Structural Frame	3 years For Home Use Only
-------------------------	----------------------------------

Motor	5 years For Home Use Only
--------------	----------------------------------

All Other Components	90 days For Home Use Only
-----------------------------	----------------------------------

(computer display, electronics, upholstery, foam, ball bearings, pulleys, belts, cables, wires, shocks, covers, tension, internal mechanism, wheels, pedals, knobs, accessories and hardware)

Exclusions from Warranty Coverage:

Paradigm does not warrant against and is not responsible for, and no implied warranty shall be deemed to cover, any product failure, product malfunction, or damages attributable to:

1. Improper installation and/or failure to abide by Paradigm's installation guidelines;
2. Use of this product beyond normal home use, or in an application for which it was not designed;
3. Cosmetic items such as scratches, dents or discolorations;
4. Damage caused by normal wear and tear, vandalism, accidental or by animals;
5. Any act of Nature (such as fire, flooding, snow, ice, hurricane, earthquake, lightning or other natural disaster), environmental condition (such as air pollution, mold, mildew, etc.), or staining from foreign substances (such as dirt, grease, oil, etc.);
6. Normal weathering due to exposure to sunlight, weather and atmosphere which can cause colored surfaces to, among other things, flake, chalk, accumulate dirt or stains.
7. Improper operation, alteration, handling, storage, abuse or neglect of the products.

Paradigm, using its sole discretion, will either repair or replace free of charge any part(s) proven to be defective under normal home use. Any repair or replacement shall provide no new warranty coverage, but shall retain only the remaining portion of the original product's warranty. This warranty is offered only to the original purchaser and is not transferable. Proof of original purchase is required.

Ordering Replacement Parts

Replacement parts can be ordered by emailing our customer service department:

Service@paradigmhw.com

Open Monday thru Friday 8:00 AM - 5:00 PM (PST).

When ordering replacement parts please have the following information ready:

- 1. Owner's Manual**
- 2. Model Number**
- 3. Description of Parts**
- 4. Part Number**
- 5. Date of Purchase**
